Subject: RE: Seeking Speaker About Spill of Methylcyclohexane Methanol (MCHM) in WV

Can you please provide me the names of R3 ATSDR affiliates at your convenience?

Michele Burgess is the SPB staff member most closely allied with the EPA toxicologists in NCEA-Washington and Cincinnati.

Rich

I sent Dawn's earlier email to my ATSDR R3 co-workers.

Said I could do with one of them if they are willing.

They did the heavy duty public health/risk assessment work.

Subject: Seeking Speaker About Spill of Methylcyclohexane Methanol (MCHM) in WV

Importance: High

Jack –

Now that the spill is no longer an emergency, I am interested in identifying a speaker to discuss the scientific (e.g., risk assessment) aspects of the federal and state response to the methylcyclohexane methanol (MCHM) spill in WV during an upcoming call of the OSWER Human Health Regional Risk Assessors Forum (OHHRRAF). Would you be able and willing to speak on risk-related topics? Alternatively, might you be able to identify an appropriate person for me to contact (e.g., at ATSDR or EPA) and solicit as a speaker? Our next call is scheduled for March 20.

Thanks for your time and consideration.

Rich Kapuscinski

Subject: RE: OSWER Human Health Regional Risk Assessors Forum (OHHRRAF), Topic for March Call?

Hi, Rich. In terms of removal activity, Jack Kelley (OSC) would be the point of contact. From a tox perspective, ATSDR reps in Region 3 have been heavily involved. For EPA, I've been watching from the sidelines, but am starting to get pulled in. Also, below is a table of contacts released by the Division Director, but this mostly pertains to community concerns. If you have any questions, please let me know. Thanks.

Dawn

Requestor	Region 3 Contact	Contact Phone Number:
Rep of Congress/Committees; State/Local Government Official	Linda Miller, Office of State and Congressional Relations	215/814-2068
Local Resident	Trish Taylor, Community Involvement Coordinator	215/814-5539
Press	Bonnie Smith, Press Officer	215/814-5543
All Others	Karen Melvin, HSCD Deputy Director	215/814-3275

Might you be able to help me identify who within EPA is responding to the spill near Charleston, WV?

Thanks for your time and consideration.

Subject: RE: OSWER Human Health Regional Risk Assessors Forum (OHHRRAF), Bi-Monthly Call Reminder (Thursday, January 15)

Hi Rich,

Any chance you could line up a Region 3 person to talk about the MCHM spill in West Virginia in a future call?

Susan
